

Rectangular Conference Table

The Mt. Bonnell Conference Table is the best fit for larger, more formal conference rooms. When attention, focus, and efficiency are the priorities, Mt. Bonnell's rectangular shape helps to yield less chair movement compared to a race track or ellipse conference table. It also helps to prevent distractions and to keep the full attention on the presenter during meetings, a 48" depth table is recommended, helping to space out participants delivering less engagement with one another. The Mt. Bonnell Conference Table comes in a variety of standard sizes, leg options, and is highly customizable to fit your office conference room.

- Hardwood or laminate worksurface options
- Up to 240" long tables
- Grommets & power supply are optional
- BIFMA Complaint
- Three different steel base models
- 22 powder coat finishes
- Made in Austin, TX
- Custom design is available upon request.
