

## Wall System

The Diversiform wall system is made up of modular sections with customized paneling that can be configured and customized for any type of commercial space. The paneling can include all types of different materials: whiteboards, foam, writable glass, wooden screens, shelving and cabinetry for extra storage and even live planters.

The wood and welded steel frame can be assembled and distributed by hand so spaces can be moved or arranged at a moment's notice. This piece is no exception to our custom capabilities. If you have special requirements, please let us help.
