#### **CATALOG**

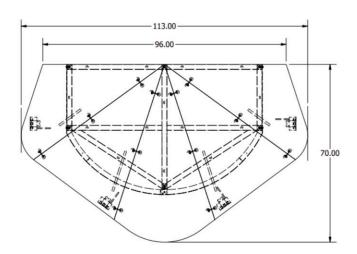

## **Conference Table**

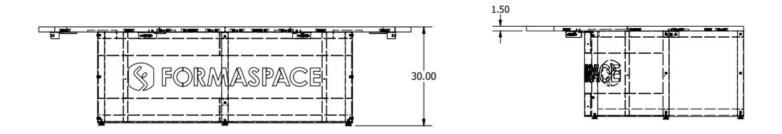

The Guitar Pick Table embodies a unique design language, showcasing Formaspace's expertise in crafting large-scale custom tables. The **distinctive central base** facilitates **unobstructed chair movement** around the table, maximizing seating capacity and fostering a sense of **collaboration**. This table transcends mere functionality, transforming into a **statement piece** through the integration of custom elements like the striking laser-cut logo. The work surface, finished in Wilsonart Laminate's Fawn Cypress, provides a touch of **sophistication** while ensuring **exceptional durability**.
