

FOR IMMEDIATE RELEASE

Guitar Pick Table

Austin, TX – June, 2024 –Guitar Pick Table is a remarkable fusion of innovative design and exceptional craftsmanship. This conference table showcases Formaspace's expertise in crafting large-scale custom tables that are both functional and visually stunning.

The Guitar Pick Table features a distinctive central base that facilitates unobstructed chair movement around the table. This design maximizes seating capacity, making it an ideal choice for collaborative environments where fostering interaction and teamwork is paramount.

More than just a functional table, the Guitar Pick Table serves as a statement piece, transforming any space with its striking design. The integration of custom elements, such as a laser-cut logo, adds a personalized touch that underscores the table's unique character and Formaspace's commitment to bespoke solutions.

The work surface of the Guitar Pick Table can be chosen from a variety of surfaces, such as solid wood, or phenolic, providing a sophisticated appearance while ensuring exceptional durability. This combination of style and resilience makes it suitable for a variety of settings, from corporate offices to creative studios.

The Guitar Pick Table is a testament to Formaspace's ability to blend form and function, offering a piece that enhances the aesthetic and practical aspects of any workspace.

###

About Formaspace

Formaspace is an American manufacturer of laboratory, industrial, higher education, and office furniture, located in Austin, TX, with experience that spans over 40 years. Their focus on innovation, efficient solutions, and cost-saving manufacturing processes has solidified their reputation as a trusted and unique partner in the industry for mass-produced highly customized products with on-time and on-budget projects.

Formaspace designs solutions for any type of workplace environment and addresses any kind of challenge, including life sciences, education, industrial facilities, and contract work environments applications.
