C A T A L O G

Bespoke Unit

The Bespoke Storage unit alongside our Height Adjustable Desk creates a functional and inviting environment for collaboration. This innovative pairing caters to the specific needs of on-carpet workspaces, offering:

- **Streamlined Collaboration:**
The layout facilitates easy interaction and communication between colleagues.
- **Ample Storage:**
The integrated Bespoke Storage unit provides ample space for organizing work materials, keeping your workspace clutter-free.
- **Subtle Space Division:**
The combination helps define and separate collaborative areas within the open work environment, fostering a sense of focus.
- **Warm Industrial Aesthetic:**
The design balances a touch of warmth, often desired in collaborative environments, with an industrial edge – a signature Formaspace look.
