

FOR IMMEDIATE RELEASE

Tensegrity Illusion Bench

Austin, TX – June, 2024 – The Tensegrity Illusion Bench transforms the conventional bench seat into a captivating work of art. Its defining feature is the offset cantilever leg design, creating a mesmerizing illusion of the seat floating effortlessly on one side. This visually striking element adds a touch of intrigue and sophistication to a traditionally straightforward design, making it a standout piece in any setting.

The Tensegrity Illusion Bench is not just about looks; it's a versatile and functional addition to office and lab environments. By incorporating this unique bench seating, you can foster interaction and informal collaboration among team members. Its highly modular design allows for a variety of configurations to suit your specific needs, enabling you to create adaptable gathering spaces that evolve with your team's collaborative spirit.

###

About Formaspace

Formaspace is an American manufacturer of laboratory, industrial, higher education, and office furniture, located in Austin, TX, with experience that spans over 40 years.
