## PRODUCT ACCESSORIES

### Casters

When it comes to moving heavy desks across the office floor, it can be exhausting without having casters. Besides its main benefit of preventing injuries, it also gives office members the flexibility of collaborating with others, or regrouping based on changing office dynamics or project teams. Formaspace casters are easy to work with, and they are designed to provide the least resistance while being strong and durable. The material never leaves any marks or debris and the casters maneuver smoothly.

#### Specifications:

- Size: 76 mm (3") height, 65.8 mm (2 19/32") wheel diameter, 10mm-1.5 thread
- Tire: Rubber
- Weight capacity: 70 lbs. per caster
